These planned experiences / activities are beyond your everyday continuous provision (general play learning and play) and include a permanent stage area with ever changing (at least weekly) backdrops, props and scenery are used to create imaginative and stimulating experiences. For example:

It develops children's experiences who had visited the beach as they could make links with past experiences. It developed gross and fine motor skills e.g. using fishing rods to catch fish. It promoted personal, social and emotional development, as the children were able to put on and off costumes and promote narrative in their play. the children had the opportunity to clear up litter so they could have a better understanding of how to look after the environment around them. Developing awe and wonder enhances confidence in what the children are engaged in. This activity involved providing resources including: towels, inflatables, sunscreen, shaving foam ice cream, scoops, ice cream cones, snorkels, goggles, flippers, swimming costumes, flip flops, sunglasses, hats, pumps to blow up inflatables, beach large backdrops, kayak, litter pickers.

## Stretching the Funding.

As Little Pickles is a full daycare nursery which is open for 51 weeks of the year we offer our funded sessions as 'stretched' only. The Government Funding is designed around attendance at nursery for 38 weeks per year. If you are eligible for 15 hours of Funding, over 38 weeks this makes a total of 570 hours per year and if your eligibility is for 30 hours your annual eligibility is 1140 hours. As we are open for 51

weeks we 'stretch' the funding over a longer period of 48 weeks. There is a small monthly charge to account for the difference between 48 weeks funding and 51 weeks attendance.

We offer up to 12 hours per week over 48 weeks for parents entitled to 15 hours making a total of 576 hours per year and we offer up to 24 hours per week over 48 weeks for parents entitled to 30 hours making a total of 1152 hours per year. The other 3 weeks we are open are charged at our standard rates.

If the nursery has to close due to any health and safety or illness reasons including bad weather the hours over and above the entitlement are used to cover replacement attendance/sessions up to 6 or 12 hours respectively – there will be no charge if these additional hours are not utilised for replacement attendance.

All Parents must:

- complete a parental declaration using our on-line system – “Funding Loop”.
- provide us with their child’s original birth certificate or passport.
